GEN. BRECKENRIDGE IN HONOLULU

Inspector General of the Army
Will Stay a Few
Days.

Among the passengers on the United States Army transport Meade for Manila are Joseph C. Breckenridge, Inspector General of the United States Army and Mr. W. T. Kent, expert accountant for the Inspection Department.

Both were seen for a few moments at the Hawaiian hotel last night. General Breckenridge stated that it gave him great pleasure to be able to remain a few days in Honolulu and that he and Mr. Kent would make it a point to see as many of the far-famed beauties of Hawaii as possible during the time the transport remains in port.

"We are now on our regular summer tour," said he, "and we shall probably be in the Philippines for some time, returning by way of Suez. It is only between the sessions of Congress that I can get away from Washington, and I try to see all I can of the army in its widespread locations, so that I can handle the work at Washington understandingly. Mr. Kent is travelling with me and we intend to get over the ground pretty thoroughly in Manila."

In regard to their impressions of Hawaii both General Breckenridge and Mr. Kent are enthusiastic, the city by electric light last night and particularly the fairy land-like appearance of the hotel grounds, having pleased them very much.

CHINESE MAY COME FROM STATES

Attorney General Rules That
They May Be Admitted
Into Hawaii.

Under the ruling made by the Attorney General of the United States, given in the dispatches of the 14th, the two San Francisco merchants who were refused admittance into Honolulu by Collector Stackpole are entitled to enter. The very point upon which the collector ruled is passed upon by the Attorney General. By this decision Chueck Sen and Chew Yoen, the merchants who came down in the Mariposa, and who are now held here in the custody of the collector, pending a ruling from the Secretary of the Treasury, are admitted.

The portion of the Washington dispatch bearing upon the case follows:

"The Attorney General has also held that all Chinese persons who have a right to be in the United States, as evidenced by valid certificates of residence or registration, are entitled to pass from the United States to the Hawaiian Islands and to be protected while there by their registration certificates, as they would be in any organized territory of the continental and integral domain of the United States."

"The Attorney General, however, specially limits his opinion to this one question, and does not pass upon their right to return to the United States. He also strictly limits his views of the liberty of passage of Chinese persons to the different portions of the United States to this particular case, which submits the question as affecting this particular Territory of Hawaii."

Of Honolulu Interest.

BERKELEY, August 15.—Private letters received here from Honolulu tell that James E. Kennelly of 1926 Louisa street, who left a short time ago for Australia, committed suicide by jumping overboard from the steamer on the first day out from Honolulu. The body was not recovered. Mrs. Kennelly was taken on by the steamer to Honolulu, from where she wrote to friends telling of the event. Business misfortunes and the recent death of his brother are believed to have been the causes which impelled Kennelly to suicide. A short time ago Kennelly's brother was expected in Berkeley on a visit from Australia, but the steamer which should have brought him bore only the news of his death at Honolulu while on the way. Up to two years ago Kennelly lived in Australia, where he had large interests. He sold his property in Berkeley, which consisted of two houses and lots on Louisa street, before leaving for the Antipodes. The object of his trip was to prosecute persons whom he claimed had swindled him in mining deals.

Captain Johnson to Wed.

Capt. Sam Johnson, the athletic officer of the National Guard of Hawaii, and Miss Pearl Olive Cameron, of Oakland, Niece of Mrs. E. Williams of this city, are to be married in about two weeks. The announcement of their engagement was made known yesterday, and both were the recipients of numerous congratulations from their many friends. Captain Johnson has a fine record as a marksman and sharpshooter in the National Guard, as the string of bars and medals which decorate the breast of his uniform coat, indicate. He is commander of the famous Company F, and his rise from the ranks to the command of the company has been rapid, but none the less meritorious. He is a fine tactician and disciplinarian, and his company has won first honors for drilling in competition. He is the superintendent of the garbage service of the Public Works Department, and is also a staunch Republican. His fiancée has a host of friends here, among whom she is a favorite.

The Murphy Program.

Major Wilson, military instructor of Kamehameha School, will give the address at Francis Murphy Hall tonight, and all are invited to attend. A fine musical program has been arranged. It is understood that the Y. M. C. A. and the Murphy Clubs are arranging to join in a grand demonstration for temperance on the evening of August 27th (next Tuesday). It is hoped to have a torchlight procession as a surprise to Francis Murphy, who arrives that day on the Ventura from the Colonies. It is hoped to interest Kamehameha School, St. Louis College, Young Men's Institute, Oahu College and other organizations and have them turn out. Delegations from all the churches are expected to do honor to the apostle of temperance.

Fire Inquest.

The inquest on the recent fire at the Stock Yards Stables was continued yesterday behind closed doors. The

witnesses were Chinese employees of the company, and nothing of a sensational order transpired. The jury will probably return a verdict some time today.

THEY'RE PRETTY, BUT DANGEROUS.

It has been decided by high medical authority that there is danger in wearing some of the beautiful tinted silk stockings one sees in the shop windows, and this is the reason: In producing certain delicate colors in silk chloride of tin is used as a mordant, and it is said that unless great care is taken a large proportion of it remains in the completed fabric. In the case of stockings of this kind, when next the skin the perspiration may dissolve the tin and it is then absorbed by the skin. A case is reported from Vienna of a woman who suffered from attacks of paralysis in the lower extremities, with numbness, a sense of coldness and a peculiar jerkiness of the legs in walking. She noticed that whenever these symptoms were the worst her feet were colored yellow and it was found that this staining was caused by light yellow silk stockings which she wore. They were analyzed and considerable quantities of tin found.

FIGHTING IS HARD ON BRAINS.

A French investigator says the brains of military and naval men give out most quickly. He states that out of every 100,000 men of the military or naval profession 100 are lunatics. Of the so-called liberal professions artists are the first to succumb to the brain strain, next the lawyers, followed at some distance by doctors, clergy, literary men and civil servants.

The Tantalus road, from Manoa Valley around Round Top and Sugar Loaf, connecting with the main road at W. H. Schmidt's place, will be the gift of S. T. Alexander, being built upon plans of the government and under the supervision of the Superintendent of the Department of Public Works. When constructed the road will pass to the government. Mr. Alexander has nine acres of land on Tantalus which will be reached by the road.

A bandit thought to be a laborer, rifled a mail and express box and robbed twenty passengers on the Calistoga line recently.

LOTS

IN KAPIOLANI TRACT

For Sale.

THE KAPIOLANI TRACT extends from King street to the beach. A road of 60 feet width will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.

CROSS ROADS will be opened between blocks. Every lot will have a frontage on a road. The elevations vary from 40 feet high to 10 feet high above sea level.

NO SWAMPS around the premises. No freshet will enter the property.

THERE IS AN OFFER to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

THE GROUND IS SUPERIOR to any tract in the market.

THE PREMISES are situated within one mile and a half from the postoffice.

THE GOVERNMENT WATER PIPES are laid along the upper portion of the property.

THE PRICES are cheapest of any tract within two miles from the center of the city.

THE TERMS which will be given to purchasers will be the best ever given by any Real Estate Dealer or Broker during the last twenty years in Honolulu.
